SPECIAL CIRCUMSTANCES

Camp Seafarer is committed to providing children an opportunity for full and equal enjoyment of the camping experience. If your child appears to have any serious behavioral problems or special circumstances involving physical, medical or psychological concerns, the Director should be notified of this now so reasonable modification can be considered. Children cannot be accepted that do not have the promise of living cooperatively, compatibly and safely with other children. Camping is designed to be a strong influence in the lives of the children it serves and typical problems are usually overcome. Camp Seafarer recognizes that most children's problems are quite normal and correctable through a program of high expectations and positive motivation. However, children with serious behavioral problems should have special guidance concerning their readiness before going to camp. These problems should be discussed with the Director and the advisability of accepting the child can be determined at this time.

The Director reserves the right to decline the application, rescind the enrollment at any time or send home any child who is not a desirable associate for the other campers. If a camper is dismissed due to behavioral/social issues, the tuition is not refundable and Camp Seafarer reserves the right to not accept that camper in the future.

- It is understood that Camp Seafarer is not responsible for articles of clothing or personal belongings damaged or missing in transit, loss or theft.
- It is the policy of Camp Seafarer to consider its applications and operate its programs and facilities in a nondiscriminatory manner.
- Cabinmate request forms and additional information will be mailed at a later date.
