

YMCA CAMP SEA GULL • CAMP SEAFARER

Meal Information

Meals are served in our Dining Hall, three times a day. Our dining hall staff works hard to prepare a well-balanced meal for you so you don't have to worry about cooking during your weekend away!

Typically, there are two ways we like to dine at Camp: buffet style and family style.

Family style means the meal starts promptly at the time listed on your schedule. We first observe colors at the flagpole, then enter the Dining hall to some fun music while we find a table to share with new and old friends alike. After the whole Camp group says our Camp blessing, we sit down and share a meal as a family. We enjoy family style meals, as it gives us the opportunity to slow down for some food and fellowship. Additionally, we pause at the end of the meal to listen to a few announcements about the upcoming activities before all doing kitchen patrol, "KP", to help clean up.

Buffet style means you can come to the Dining Hall anytime during the posted meal time and enjoy your meal. During these meals, there are typically no announcements and you can stay for however long you would like.

Our typical Family Camp Weekend meal schedule is as follows:

- Friday Night Dinner: Buffet
- Saturday Breakfast: Family Style
- Saturday Lunch: Buffet
- Saturday Dinner: Family Style
- Sunday Breakfast: Family Style
- Sunday Lunch: Buffet
- Sunday Dinner: Family Style
- Monday Breakfast: Family Style
- Monday Lunch: Buffet

Camp Sea Gull and Camp Seafarer's kitchen and food staff are managed by an experienced and professional food-service company. Our Dining Hall leadership staff have extensive backgrounds in culinary arts, nutrition, and kitchen management. We are able to accommodate most major food allergies through our main meal service. And while we make every effort to provide a well-balanced meal for your particular dietary needs, you may find it helpful to bring supplemental items to keep in your cabin throughout the weekend. If you have any concerns or questions about food allergies or dietary restrictions, please contact [Rodrigo Vilches](#).
